

The FRAME

Numeric Patterns

is about ...

increasing or decreasing following a specific rule

increasing

• addition or multiplication

• use calculator. Subtract first two #'s in pattern

• guess and check $+x$

• use calculator to continue pattern to the N^{th} place.

decreasing

• subtraction or division

• _____

• _____

• use calculator to continue pattern to the N^{th} place.

So What?

to ~~continue~~ continue numeric patterns you must find and follow a specific rule.
